

PCA Wild West Zones Sim Racing Steering Committee | MINUTES

22 Jan 2021 | 21:30 PST | Discord Voice Chat

Attendees

Rodney Campbell, 14
Chip Witt, 7
Rob Cottle, 9
James Benard, 11
Brian Granger, 8
Stephen Chen

Absent

Ed Nelson, 6
Bret Holmes, 8

AGENDA TOPICS

| Agenda topic: Chair Report Out |

Rodney welcomed members to a quick touch bases meeting of the steering committee:

- Nothing new to report from the National level.
- We had 31 cars on the grid for tonight's race. Once we start getting up to the 40 range we may want to think about splitting it up. But for now we are good.
- We had a guest from another zone group tonight driving over aggressively/dangerously. Rod will reach out to the individual and provide some feedback on his driving.
- The group agreed to stick with the Cup car for all classes for the remainder of the series. As going from the Cup to the Ruf would not be that hard.
- Feedback on the prelude heat race format was positive, so we will keep it for now.

Person responsible Deadline

Nil

| Agenda topic: eDE |

Stephen gave a brief update on eDE:

- Good number of new drivers. The eDE sessions are quite full and busy with new members.
- Stephen is looking for volunteers to help out. Brian Granger raised his hand.
